- Inpatient Audits: (Acute Care, Rehabs, Psychiatric, etc.) total quality, DRG validation
- Outpatient Audits: (ER, Clinic, Home Health, ASU, E&M, etc.) total quality, APC validation
- Special Projects:
 - OIG/Compliance reviews
 - Medical Necessity
 - Revenue Validation
 - Charge Master Review
 - Ancillary Review
 - Pharmacy
 - Radiology
 - Mortality
 - Managed Care
 - MPI Clean up
 - RAC Reviews/Appeals

Auditing services are provided on or off-site, or on-line, utilizing state of the art encoder software. The **HSI Auditing Team** can design and implement a continuous auditing and monitoring program that best meets your departmental and facility needs.

The **HSI Auditing Team** will provide customized reports tailored to your specific needs. An audit result presentation will be provided that reaches

all members of your HIM team.

II. Coding and/or Reimbursement Training

Training of coders, physicians and staff is vital to maintain and reach your compliance goals. Education/training may be conducted in a variety of settings ranging from one-on-one sessions to lectures for larger groups. These sessions may be geared to an audience of coders, billers, physicians, etc.

HSI will provide you with the training necessary to transform coding compliance into an integrated, simple part of your coding workflow, saving time and enhancing your coders' quality and confidence.

Educational sessions containing the most current information are tailored to your specific needs. These sessions can include, but are not limited to:

- ICD-9-CM, CPT-4 and HCPCS coding methodology
- Documentation guidelines
- Anatomy, physiology and clinical medicine
- Coding guidelines
- Specific government and private payer reimbursement principals

Included in the education/training session are reference materials which attendees keep for implementation purposes.

AHIMA approved credit hours may apply to training programs.
